**Sub: Participation at OIL SPILL INDIA 2011 International Conference & Exhibition
29 Sep - 01 Oct 2011, Holiday Inn Resort, Goa, India**

Dear Sir,

Understanding the need for a platform to demonstrate the skills & concerns faced by the industry, ITEN Media, the organizers of the various national & international trade events on the Oil & Gas industry, is planning to organize the first of its kind OIL SPILL - India (OSI) 2011 conference and Exhibition having theme 'Motivating Change', from 29th September to 1st October 2011 at Holiday Inn Resort, Goa, India in association with ONGC and the Petrotech Society and supported by the Ministry of Petroleum & Natural Gas, Ministry of Shipping, Ministry of Science & Technology, Ministry of Earth science, Govt. of India, Interspill Ltd., Indian Private Ports & Terminals Association, Directorate General of Shipping and Directorate General of Coast Guard.

Eminent speakers from • Ministry of Petroleum & Natural Gas • Ministry of Shipping • Ministry of Earth science, Govt. of India • ONGC • Petrotech Society • Interspill London • Indian Private Ports & Terminals Association • Directorate General of Shipping • Directorate General of Coast Guard • Cairn India • Reliance Industries • Tyco Thermal Controls India • Oil and Natural Gas Corporation • Maharashtra Pollution Control Board • Oil Spill Response, UK • OPTIMARE Sensorsysteme GmbH & Co. KG Bremerhaven, Germany • ERICSON AND RICHARDS, Mangalore • Chukar Waterjet, Inc., United States • Tata Consultancy Services • Green Apple Environmental Technologies • Resolve Marine Group, Inc, United States and many more...

I request you to kindly nominate few delegates from your organization to attend this important international conference

About OSI 2011

The event will deliberate & demonstrate the preparedness of the industry to tackle the menace of Oil spill, its response, incident management and restoration including an informative schedule for raising Global Standards. It will also discuss the prevention of oil spill pollution and the future needs for proper management of prevention and the associated risks faced by Governments, Industry, Users and the Public.

Showcasing case studies on some of the world's worst oil spills, OSI 2011 conference would witness eminent national and international speakers including policy-makers, scientists and technologists chairing/delivering Plenary & Keynote Addresses. Delegates will have the opportunity to network with CEOs, spill experts, environmentalist, researchers and engineers associated with Oil Spill. The concurrent exhibition would showcase a host of international exhibitors displaying the latest in technology & equipments, solutions for preventions and response of Oil spill, R & D, Logistics, Communication, Safety Health and Environmental aspects of the Oil Spill.

Please find enclosed the conference update for your kind perusal.

Looking forward for your support & welcoming you at OSI 2011.

Thanks & Regards

Shailendra Kumar
