Operating in a highly competitive market with complex environmental guidelines, the fine and specialty chemicals industry is currently experiencing a multitude of pressures whilst benefiting from high levels of investment, especially in green and bio-based technologies. With the right mindset and information, the current challenges can be turned into opportunities for innovation and business growth.

Now, Chemical Exhibition takes an opportunity to unite an impressive array of experts, scientists, managers and thought-leaders and provides a powerful and well-known industry platform to discuss the latest market trends, technical innovations, business opportunities and regulatory issues in this rapidly changing market.

Exhibitors at the fine and specialty chemicals exhibition are manufacturers, distributors, regulators, equipment suppliers, raw materials suppliers, traders, agents and consultants, featuring the full spectrum of fine and specialty chemicals for various applications and industries: pharmaceuticals, agrochemicals, polymers, food and feed ingredients, flavours and fragrances, pigments and dyes, paints and coatings, household and cleaning chemicals, adhesives and sealants, petrochemicals, leather and textile chemicals, electronics and many others.

PAKCHEM EXPO 2022 STATISTICAL EXPECTATIONS

EXHIBITION COMPONENTS

SHOWCASE OF PRODUCTS.

Exhibitors will showcase their products

- Manufacturers.

All Segments of the Polyurethane industry will be represented at the Polyurethane Pakistan 2019. If your company is in any one of the following segments, then you are welcome to exhibit...

Raw Materials:

Polyether Polyol
Polyester Polyol
Isocyanate
MDI
TDI
TPUs
NDI/NDI Prepolymers
Polyether
Polyester
Millable PU
Copolymers
Bio-polyols
Amines
Polyurea
Bio PU
Elastomers
Polycaprolactones
Polycarbonates

Services:

Laboratory and Testing
Health and Safety
Recycling
Environmental Protection
Research and Development

Lab Testing

Instruments:

Foam Qualification System
Pot Life and Curing Monitor
Viscoelastic Foam
Testing Machine
Thickness meter
Ultrasonic Distance Sensor
